

Inyeong Jang

726iy@duksung.ac.kr | [GitHub](#) | [Portfolio](#)

Education

- Duksung Women's University, Seoul, Korea
B.S. in Computer Science, Engineering and Converged Technology
Mar. 2023 – Feb. 2028
GPA: 4.43/4.5

Language

- TOEIC 840

Research Interests

- AI for Software Security
- LLM-based safe code generation
- S/W vulnerability detection

Publications

1. **Improving Automated Patch Correctness Assessment by Designing LLM-Based Oracles** [[Paper](#)]
Inyeong Jang, Jinyoung Kim.
IEEE International Conference on Software Testing, Verification and Validation (ICST), 2026. (Research Track)
2. **AutoFiC: An LLM-based Automated Security Patch Generation Pipeline.** [[Paper](#)]
Inyeong Jang, Jeongmin Oh, Minchae Kim, Eunsol Kim.
Korea Conference on Software Engineering (KCSE), 2026. (Oral Presentation)
3. **SCSC: Supply Chain Security Cross-reference Framework and Platform Proposal.** [[Paper](#)]
HaKyeong Choi, Yeseo You, Inyeong Jang, Hyein Lee.
Conference on Information Security and Cryptography (CISC). Winter, 2025. (Poster)

Projects

- **AutoFiC: LLM-based Automated Security Patch Pipeline** [[Page](#)] [[GitHub](#)]
End-to-end pipeline integrating SAST-based vulnerability detection, LLM-based patch generation and application, and automated pull request creation. Successfully executed on 86 of 91 Python open source projects and resolved 397 of 441 detected vulnerabilities.
- **LLM-based Automated Patch Correctness Assessment** [[GitHub](#)]
Analyzed recurring failure patterns in LLM-based patch validation and designed six prompting strategies to improve incorrect patch identification. Improved incorrect-patch detection performance by up to 19.9 percentage points over the baseline.

Awards

- **Best Undergraduate Paper Award**, Korea Conference on Software Engineering (KCSE), 2026
- **2nd Place**, 1st Digital Software Engineering Hackathon, Duksung Women's University, 2024
- **KT Digital Talent Scholarship**, KT Group Hope Sharing Foundation, 2026
- **Academic Excellence Scholarship**, Duksung Women's University, Spring 2023 – Spring 2026

Experiences

- **WhiteHat School**, KITRI, Mar. 2025 – Sep. 2025
- **Leader, BackDoor Cybersecurity Club**, Duksung Women's University, Mar. 2024 – Aug. 2026
- **Member, Corner Web Development Club**, Duksung Women's University, Sep. 2024 – Aug. 2025
- **Mentor, OUTTA AI Bootcamp**, Nov. 2023 – Aug. 2026
- **Mentor, KHNP Einstein Class**, Jan. 2026 – Feb. 2026
- **Mentor, Hyundai AutoEver Smart Mobility Engineering Experience Program**, Jun. 2023 – Sep. 2023
- **Member, I-coding Volunteer Club**, Duksung Women's University, Mar. 2023 – Jun. 2024
